Greetings Dear Pastors and Churches,

The Lord has given us a beautiful day today. The temp is 82° at 12:30 pm, but the humidity is lower than it has been.

The results of the hurricane which came up from Florida is overwhelming in our state and in others. Our prayers and feelings go out for those who have lost everything and many who lost their family members in death and some who are still missing. Our area was lightly hit for the most part, but there was some flooding and many trees of all sizes came down.

I have received word from our pastor brethren in Honduras. They say that the heat index in that area has been very high and uncomfortable. The electricity goes out about everyday, and a lot of that is during the church services, so they have to rely upon other sources of light most services. So all night long, when without electricity, they have no fans for relief from the heat. We can remember those times when we lived down in that beautiful country. They are so very thankful for the financial support the churches are providing them. Thanks so much! The Lord put it upon the heart of Grace Baptist BC here in Indian Trail, NC to help out in this endeavor, and I am so happy the Lord worked this out for the Honduran preachers.

Sylvia and I traveled in July to the Bible Believers Baptist Church in Naples, Idaho for their conference and also visited with our family in Seattle. In August, Brother Paul Stepp preached for us and presented the mission work they are doing in Wyoming, which was a great blessing to us. Also, Pastor Andy Proctor invited me to preach in their Labor Day Bible Conference with Grace BC in Germantown, NC. It was a blessing to attend and preach in both of these conferences and also enjoy the fellowship with the saints of God there.

Thanks so much for your prayers and support. May God bless you and keep you faithful in the truth until the return of the Lord.

Your servant in Christ,  
*Ted & Sylvia Tweet*
